Dear Planning Board

Amesbury Soccer Association (ASA) is requesting a continuance for the 219 Lions Mouth Road Site Plan/Special Permit review until July 13, 2015. This continuance will provide time needed for peer review of the Stormwater Report . Under separate letter ASA has provided all supplemental information requested by the City to support the Site Plan/Special Permit Application.

Also please note that we have marked the project area at Woodsom Farm, as requested at the June 8<sup>th</sup> meeting. The area is marked with red and white corner flags and green stakes with orange tape. The stakes will be removed by June 20<sup>th</sup> for the safety of all residents and visitors who utilize Woodsom Farm.

We look forward to meeting with you on July 13<sup>th</sup>, 2015. In the meantime if you have any questions please contact me.

Sincerely,

Hello Barbara

I hope you had a great weekend! Attached you will find the letter requesting the extension. Please note that we have also marked the project area as requested by the Planning Board at the meeting on June 8th. For the safety of all residents and visitors to Woodsom Farm we plan to remove the markers by the June 20th. The Board Members mentioned that they would go their this week on their own schedule. Please note the grass is tall and to best observe the area they can follow the mowed walking paths and look for red/white corner flags and green stakes with orange tape.

Please let me know if you have any questions.

Regards,
